Eyes & Brows

EYELASH PERM/LIFT

An eyelash lift/perm will last about 8-12wks. It involves curling the natural lashes to create an appearance of longer lashes. So easy to maintain!

EYELASH EXTENSIONS

Eyelash Extensions involve adding an additional lash to a single eyelash to add length and volume. Choose from Classics - one on one lashes or Hybrids - a mix of classics and volume which adds texture.

BROW LAMINATION

A brow lamination lasts up to 8 weeks and is very similar to an eyelash lift. A brow lamination reshapes the brows and holds it into its new shape as well as giving a fuller brow look. You can choose between Lamination & tint or lamination tint & shape.

EYELASH AND EYEBROW TINTING

Tint is a semi permanent colour designed to enhance and accentuate brows and lashes, by darkening the hair. A variety of tint colours are available to enhance your natural beauty.

HENNA - 99.5% NATURAL

Creates the illusion of fuller or darker brows by staining the skin underneath the brows and the brow hair.

Lasts: skin stain 2-4weeks, brow hair 4-6weeks

BROW DYE

Brow dye is a highly pigmented dye that acts very similar to henna. Creating illusion of fuller or darker brows by tinting both the hairs and the skin. The skinfit team love this tinting method and have a full range of pigments to suit you.

Hair Removal

SUGARING- ALL BODY AREAS

Body sugaring is an ancient hair removal practice. This hair removal technique has become our number one chosen treatment as it is less painful, less irritating to the skin, reduces ingrown hairs and has a longer lasting hair removal result leaving you with softer, smoother skin.

LASER- ALL BODY AREAS

LightSheer laser hair removal uses clinically proven diode laser technology to permanently reduce unwanted hair comfortably and effectively. Laser is generally suitable for most skin types, hair types and all areas of the body.

Book a laser consultation to determine your suitability for this service. With a general 4-6 session reduction, most clients ask us why they haven't had laser sooner!

During your consultation the therapist will take you through a range of package options which could save you up to 50%!

WAXING- ALL BODY AREAS

Waxing is traditional hair removal involving the process of removing the hair by the root by using a covering of sticky substance such as wax. We use quality Australian products with proven results and skilful techniques.
